2. **04/10/2024 - Successful Investing V: Gaining Confidence (offered by ManifestInvesting),** 6:00 – 7:00 p.m. Free. Mark Robertson and Ken Kavula together have over half a century of teaching people how to become successful investors. Investing is not rocket science! Novice investors need to learn a basic vocabulary and become familiar with reading a stock analysis based on an income statement. The BetterInvesting SSGPlus (Stock Selection Guide Plus) is one of Ken and Mark's instruments of choice. Learning to READ an SSG is a crucial first step for a beginning investor. In this class they will be looking at some potentially pessimistic or exuberantly optimistic stock studies and deciding how to engage in a deeper discussion of the assumptions, analysis, and conclusions. 3. **04/11/2024 - Successful Investing V: The Contenders (offered by ManifestInvesting),** 6:00 – 7:00 p.m. Free Ken and Mark are firm believers in using their investing time wisely. That means screened list not only might contain the names of a few desirable candidates but also the names of stocks that for one reason or another are not appropriate for purchase. Distilling a screened list down to a contender or two is an art in itself! You must have a good idea of what you are looking for and a real desire to meet that need. Your experienced instructors will try to help you "Keep it simple!" and focus on learning with each decision. Registration link:
